## SCHOOL OVERVIEW

The International Leadership Charter High School (hereafter known as International Leadership), the first public charter high school in the Bronx, opened its doors in September of 2006. Since its founding, International Leadership has delivered an academically rigorous curriculum aimed at elevating students’ intellectual capacity and preparing students for a higher education. We seek to expand students’ knowledge of international studies and to cultivate their leadership skills with a commitment to community service, social action and civic participation in a global society. Our mission is to change lives and transform communities, one scholar at a time.

As part of its mission, International Leadership provides Latino, African American, and children of immigrants from various ethnic communities living in or below poverty with an exceptional college preparatory curriculum sequence. Historically, over 75 percent of students at International Leadership are economically disadvantaged and more than 80 percent are the first in their families to attend college.

## HIGH SCHOOL COHORTS

### ACCOUNTABILITY COHORT

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9<sup>th</sup> grade. For example, the 2020 state Accountability Cohort consists of students who first entered the 9<sup>th</sup> grade anywhere in the 2020-21 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2023-24 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

### TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9<sup>th</sup> grade anywhere. The 2020 Total Cohort consists of all students, based on last enrollment record as of June 30, 2024, with a First Date of Entry into Grade 9 during the 2020-21 school year, regardless of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

## GOAL 1: HIGH SCHOOL GRADUATION

### Goal 1: HIGH SCHOOL GRADUATION

Each year, 80% of our students will graduate within 4 years while continuously enrolled.

#### Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first- and second-year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

Percent of Students in First and Second Year Cohorts

Cohort Designation	Number in Cohort during 2023-24	Percent promoted
2022	79	100
2023	98	100

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

### Graduation Goal Measure 2 - Leading Indicator.

Each year, 75 percent of students in the second-year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, some second-year cohorts would have had student waivers for examinations. Report the percentage of students who either passed or were exempted from at least three exams. In August of 2024, the 2022 Cohort will have completed its second year.

#### Percent of Students in their Second Year Passing Three Regents Exams by Cohort

Cohort Designation	School Year	Number in Cohort	Percent Passing at Least Three Regents (including exemptions)
2020	2021-22	58	96 %
2021	2022-23	62	79%
2022	2023-24	79	38%

### Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth-year high school Total Graduation Cohort and 95 percent of students in the fifth-year high school Total Graduation Cohort will graduate.

The school's graduation requirements appear in this document above the graduation goal.

#### Percent of Students in the Total Graduation Cohort who have Graduated After Four Years<sup>1</sup>

Cohort Designation	School Year	Number in Cohort	Number who Graduated	Percent Graduating
2018	2021-22	78	72	92%
2019	2022-23	73	59	80%
2020	2023-24	58	52	89%

- *The graduation rate is based on students who graduated after 4 years. Three students transferred from another school and were counted in the total number in the cohort for the 23-24 school year. In the 23-24 school year, they were in grade 11 however their cohort designation is 2020 but accounted for the Number in cohort.*

2019	2023-24	7	7	100%
------	---------	---	---	------

### Graduation Goal Measure 5 - Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

#### Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to the District<sup>2</sup>

Cohort Designation	School Year	Charter School			School District

2020	2023-24	58	52	89%	N/A	N/A

### Graduation Goal Measure 6 - Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

#### Percentage of the 2020 Graduation Cohort Pathway Students Demonstrating Success by Exam Type<sup>3</sup>

Exam	Number of Graduation Cohort Members Tested (a)	Number Passing or Achieving Regents Equivalency (b)	Percentage Passing =[(b)/(a)]*100
N/A	N/A	N/A	N/A
Overall	N/A	N/A	N/A

- *None of our scholars graduated with an alternative graduation pathway.*

#### Pathway Exam Passing Rate

<sup>2</sup> Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2022-23 results as a temporary placeholder for the district's 2023-24 results.

<sup>3</sup> As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

## SUMMARY OF THE HIGH SCHOOL GRADUATION GOAL

The official district graduation rate for the 23-24 school year was not released at the time this report was completed. The previous year's score was used as a comparative measure. With the school graduation rate of 89%, International leadership has surpassed District 10's graduation rate. The outcome for 5 year cohort was 100%.

## EVALUATION OF THE GRADUATION GOAL

International Leadership Charter High School met most of its graduation goals for the 23-24 school year. Despite the challenges of the pandemic experienced by the 2020 cohort, the school experienced a graduation rate higher than district 10. One area which was identified as an area for improvement is the goal of 75% of students in the high school Total Graduation Cohort will score at least 65 on at least three different New York State Regents exams required for graduation by the completion of their second year

in the cohort. Now that we are in a period where we can resume additional support, we will utilize this to target this goal.

### ADDITIONAL CONTEXT AND EVIDENCE

Despite the interruption of in-person instruction during the pandemic, our scholars continue to accelerate with the strong instructional program provided by International Leadership Charter School.

### ACTION PLAN

To maintain the strong academic performance, International Leadership Charter School plans to continue with our instructional model of accelerating learning and strategic intervention. Two notable programs that we use for our strategic intervention are afternoon tutoring three days a week and Saturday academy to strengthen the mastery of concepts.

## GOAL 2: COLLEGE PREPARATION

### Goal 2: COLLEGE PREPARATION

Each graduation 75 percent of our seniors will graduate college ready.

Students are supported in the postsecondary planning process by taking two semesters of our internally developed college seminar course. In addition, there is a partnership with Sandford and Lehman college where our students take college level courses. Our key partnerships are with College Now and National Equity Lab.

### College Preparation Goal Measure 1 - Absolute

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement (“AP”) exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam;
- Passing a College Level Examination Program (“CLEP”) exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

### Percentage of the 2020 Total Cohort Graduates Demonstrating College Preparation by Indicator<sup>4</sup>

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator
Matriculating to a college	52	52	100%
Receiving 5 or more college acceptance letters	52	52	100%
Achieving the college and career readiness benchmark on the SAT established by CUNY Schools (Earning Score of 480 or higher on Reading & Writing and score of 530 or higher on Math)	14	14	100%
Earning college course credit through the College Now Program	11	11	100%
Overall	52	52	100%

#### **College Preparation Goal Measure 2 - Absolute**

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

<sup>4</sup> Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

### **College Preparation Goal Measure 3 - Comparative**

Each year, the school's CCCRI for the Total Cohort will exceed that of the district of comparison's Total Cohort.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

### **College Preparation Goal Measure 4 - Absolute**

**Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.**

Matriculation Rate of Graduates by Year<sup>5</sup>

Cohort	Graduation Year	Number of Graduates (a)	Number Enrolled in 2 or 4-year Program in Following Year (b)	Matriculation Rate =[(b)/(a)]*100
2018	2021-22	72	72	100%
2019	2022-23	59	59	100%
2020	2023-24	52	52	100%

## SUMMARY OF THE COLLEGE PREPARATION GOAL

Our college preparation goal ensures that our scholars are not only graduation with the requirements for college acceptance, but they are accelerated based on their individual growth. Our goals ensure that there are high expectations for academic achievement with a target of 75% of graduating students demonstrating college readiness and 75% or more matriculating into college. In addition, 75% or more graduating scholars being accepted to five or more colleges or universities.

---

<sup>5</sup> Schools should update and confirm data for Cohorts who graduated prior to 2023-24 and provide preliminary matriculation data for 2020 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year.

### EVALUATION OF THE COLLEGE PREPARATION GOAL

For the 23-24 graduation cohort, 89% of scholars at International Leadership Charter High School have not only met their graduation requirement but also demonstrated that they are college ready. There was a 100% matriculation rate of scholars being accepted to a two- or four-year programs. An additional 100% of our scholars have been accepted to five or more colleges. One hundred percent of scholars who were enrolled in the college now program earned the maximum number of credits for the class they were enrolled in.

### ADDITIONAL CONTEXT AND EVIDENCE

Over the past five years, our four-year Accountability Cohort graduation rates have averaged above 85%. Consistent with past years, 100% of the 2023-2024 graduating class committed to enrolling in a two- or four-year college.

### ACTION PLAN

Our action plan is to continue to ensure that our scholars have opportunities to accelerate their learning by enrolling in the College NOW program at Lehman College and/or through the National Education Equity Fund.

## GOAL 3: ENGLISH LANGUAGE ARTS

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core) by the completion of their fourth year in the cohort.

### BACKGROUND

Each year of High school scholars are enrolled in an English Language class. In the third year of high school, scholars take the ELA regents examination. The final year of high school scholars take English IV which is developed for students to complete the course with a research capstone project aligned to elements of researching and essay writing at the college level.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, the school’s aggregate Performance Index (“PI”) on the State English language arts exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English language arts test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state’s ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state’s 2023-24 English language arts MIP for all students of **113**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.<sup>7</sup>

English Language Arts 2023-24 Performance Index (PI)											
Number in Cohort	Percent of Students at Each Performance Level										
	Level 1		Level 2		Level 3		Level 4				
32	16%		40%		22%		22%				
		PI	=	40	+	22	+	22	=	84	
						22	+	22	=	44	
							+	(.5)*22	=	11	
								PI	=	139	

### ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>8</sup>

### ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

### METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school’s performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school’s actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2023-24 analysis is not yet available. This report contains 2022-23 results.<sup>9</sup>

### ELA Measure 5 - Growth

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

### METHOD

Given the timing of the state’s release of Growth Model data, the 2023-24 analysis is not yet available. This report contains 2022-23 results, the most recent Growth Model data available.<sup>10</sup>

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2022-23 and also have a state exam score from 2021-22 including students who were retained in the same grade. Students with the same 2021-22 score are ranked by their 2022-23 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to perform above the target for this measure, it must have a mean growth percentile greater than 50.

<sup>10</sup> These data can be found in the school’s Accountability Summary provided by the Institute in spring 2024.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

During 2023-24, in addition to the New York State 3<sup>rd</sup> – 8<sup>th</sup> grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: **Internally developed**

### SUMMARY OF THE ELA GOAL

The English Language Arts goals set forth by the International Leadership Charter Middle School aims to ensure that scholars are not only meeting proficiency, but they are continually showing progress from grades 6-8. Additionally, we strive to close the achievement gap by supporting scholars who were not proficient prior to entering middle school and ensuring that they meet or exceed proficiency in English Language Arts before entering High School.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	N/A
Absolute	Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	Yes
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	N/A
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.	N/A

### EVALUATION OF ELA GOAL

The 2023-2024 school year was the first year of International Leadership Charter Middle School with its inaugural 6<sup>th</sup> grade cohort. As a result, there is no comparison data to show growth over a two-year period. The school, however, aggregated PI on the state's ELA exam did meet the MIP set forth in the state's ESSA accountability system.

### ADDITIONAL CONTEXT AND EVIDENCE

This is the first cohort of International Leadership Charter Middle School.

## ELA ACTION PLAN

The school plans to continue with our instructional model and support the growth of teachers and scholars.

## HIGH SCHOOL ELA

### High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

### METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.<sup>11</sup>

by Fourth Year Accountability Cohort<sup>12</sup>

Cohort	Fourth Year	Number in Cohort (a)	Number exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)

2019	2022-23	73	73	N/A	N/A
2020	2023-24	58	0	43	74%

### High School ELA Measure 2 - Absolute

<sup>11</sup> Cohort Regents attainment in all subjects is based on students' highest score regardless of the number of times a student sat for the exam.

<sup>12</sup> Due to the state's cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

### METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

#### High School ELA Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

#### High School ELA Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

## 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

### High School ELA Measure 6 - Comparative

Each year, the Performance Index (“PI”) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

### High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8<sup>th</sup> grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

## METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

### EVALUATION OF HIGH SCHOOL ELA GOAL

The outcome of the English Language Arts goals was positive for all areas. Seventy percent of scholars passed the Common Core English Language Arts examination with a level 4 or higher. Over 90% passed with a level 3 or higher for the graduating cohort.

International Leadership Charter High School met all of its English Language Arts goals for the 22-23 school year. Despite the challenges of the pandemic, the school experienced a pass rate of 93% of scholars passing with a level 3 and above. Seventy-eight percent of scholars scored at a level 4 and above. Eighty-six percent of scholars who were not proficient before entering high school based on the 8<sup>th</sup> grade level ELA exam earned proficiency by their fourth year in high school.

### ADDITIONAL CONTEXT AND EVIDENCE

Over the past 3 years, International Leadership Charter School continues to maintain a passing rate of above 90% on the ELA state examination.

### Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

### METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the mathematics test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2023-24 mathematics MIP for all students of **115.3**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

### Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

### METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

### Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

### METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged

### Math Measure 5 - Growth

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

### METHOD

Given the timing of the state’s release of Growth Model data, the 2023-24 analysis is not yet available. This report contains 2022-23 results, the most recent Growth Model data available.<sup>13</sup>

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2022-23 and also have a state exam score in 2021-22 including students who were retained in the same grade. Students with the same 2021-22 scores are ranked by their 2022-23 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to meet the measure, the school would have to achieve a mean growth percentile above the target of 50.

## GOAL 7: ESSA

### ESSA Measure 1

Under the state’s ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school’s status under the state accountability system. More information on assigned accountability designations and context can be found [here](#).

Accountability Status by Year

Year	Status
2021-22	Good Standing
2022-23	Good Standing
2023-24	Good Standing

### ADDITIONAL CONTEXT AND EVIDENCE

Based on the goals of ESSA to ensure that schools provide an equal opportunity for disadvantage students International Leadership Charter High School continues to meet the requirements of good standing. Sub-populations based on race, socio-economic status, ELL’s and students with disabilities stive in our school environment.

## APPENDIX A: DATA REPORTING TABLES

The following section contains sample tables for the optional reporting of grade-level and school-level results under the ELA and mathematics goal areas. The tables align to the measures and targets for the NWEA MAP and a-Ready assessments. Schools that administer other nationally normed assessments or internally developed assessment should modify these tables as necessary.

Paste the completed tables in the “Internal Exam Results” sections under the respective goal area. Table titles need to be adapted to reflect the appropriate subject area, i.e., English language arts, mathematics, etc.

Guidance for calculating the results in each of the tables below is available [here](#).

<sup>14</sup> Schools may elect to report the aggregated data for a different subpopulation of students if the total tested number of students with disabilities is 5 or fewer, or if the school’s mission aligns to serving a different specific subpopulation. For schools that choose a different subpopulation (e.g. English language learners, students experiencing housing insecurity, etc.), please explain the rationale in the narrative section

<sup>15</sup> Target should reflect the median growth percentile for all general education students. In the case that the school elects to measure the achievement of a different subpopulation, the target should reflect the median growth percentile of all students at the school not included in that subpopulation.
